

MATA AND NHTA - Moving Forward for You

We were elected 2 years ago, and have taken your concerns and comments to the forefront. Our goal is to increase the shooting community while providing quality trap shooting events and target presentations.

We are in the process of making Minute Man Sportsman's Club the premier shooting facility in the North East. Minute Man as you know hosts 2 state shoots annually. We have added a 4th day to the MA State Trapshoot this year. We have recently joined Presquad.com and we continue to work towards building the sport that we all love.

The MATA leadership is trying to work a deal to replace the G.M.V Superstar trap machines at Minute Man. Our goal is to purchase and install Pat Traps on all program fields for every event. In talking with many of you over recent years, we have heard your concerns for White Flyer targets and Pat Trap machines. We agree with your concerns.

Recently Carl Kazen had a meeting in NY about purchasing reconditioned Pat Traps with a 1 year warranty for all of the program fields at Minute Man. We are now trying to get a commitment from you, our fellow trapshooters, to present to the Board of Directors at Minute Man. We believe that if we can raise \$20,000 to present to the Board of Directors at Minute Man, Our Pat Trap goal can become a reality. These machines are the ATA preferred trap machine and they are widely used at **ALL** of the major shoots and events throughout the country.

We are looking for a commitment from you in terms of donations to purchase and professionally install 9 machines (Minute Man currently owns 3 Pat Traps). It is our goal to present this opportunity to Minute Man Sportsman's Club. Please join us in building our sport.

All checks should be made payable to the MATA and will be held in the MATA account. A list of all donors from all of the states involved, will be made available for the transparency of this event.

Donations can be mailed to:

Robert Scott c/o MATA
37 Richardson street
Billerica, MA 01821
